

August 18, 2022

Attendees:

1. Audrey Reznik
2. Andy Poling
3. Bill Wright
4. Dinesh Verma

With help from Dinesh and Bill we were able to clean up an old central intelligence platform repo that was not being used.

We have 19 active repos. 3 of those repos need to add compliance items such as team lists, meeting dates and/or main contact. Audrey will contact the repo owners via email and let them know what they need to fix.

Right now we have 85% compliance for our repos. That's very good!

Compliance Spreadsheet can be found at:

<https://github.com/Enterprise-Neurosystem/governance/blob/main/AI%20Governance%20Compliance%20for%20EN%20repos.xlsx>
