

AI Governance compliance spreadsheet created for EN repos

- Currently we have 9 repositories within the main Enterprise-Neurosystem github repo
- Spreadsheet created to list EN repositories and determine which data (repo description, team list, meeting dates), main contact, meeting minutes) is missing from each repo.
- Reviewed AI Governance Compliance for EN repos [spreadsheet](#) with the team
- Added column: meeting minutes
- Audrey will send out emails to EN repository owners and cc rest of team.
 - Owners will be notified which columns (data) they need to add to their github README file.

Code of conduct & Complaint Process

- Lisa still needs to get in touch with Marie Nordan to get an example that we can use
